

MEMBERS FIRST. PARTNERS FOREVER.

MARCH 2022

PRESIDENT'S CORNER

March is National Reading Month. What better time than now to promote literacy to our children and grandchildren?

The key to financial well-being and the heart of our credit union is financial literacy. If you are looking for tips on purchasing a home, buying a new or used vehicle, or protecting yourself from the latest scams, why not follow our [Banking in a Blink Blog](#)?

For almost 90 years, we have learned that each generation wants and expects a different type of personalized experience when interacting with their financial institution. Today, digital banking and contactless forms of payment have become a standard preference for consumers. Our goal has always been to offer our members products and services that will help them manage their money and balance their financial needs.

Unfortunately, the fraud landscape continues to change dramatically as fraudsters have become more sophisticated and resolute, particularly over the last two years. Remember to register for purchase alerts, and use our financial resources to help stay financially healthy.

Sincerely,

Martha W. Wye
President and CEO
